复杂的错误反馈。

en-US

Complex error feedback.

```
import { Result, Button, Typography } from 'antd';
import { CloseCircleOutlined } from '@ant-design/icons';

const { Paragraph, Text } = Typography;

export default () => (
  <Result
    status="error"
    title="Submission Failed"
    subTitle="Please check and modify the following information before
resubmitting."
    extra={[
      <Button type="primary" key="console">
        Go Console
      </Button>,
      <Button key="buy">Buy Again</Button>,
    ]}
  >
    <div className="desc">
      <Paragraph>
        <Text
          strong
          style={{
            fontSize: 16,
          }}
        >
          The content you submitted has the following error:
        </Text>
      </Paragraph>
      <Paragraph>
        <CloseCircleOutlined className="site-result-demo-error-icon" /> Your account
has been
        frozen. <a>Thaw immediately &gt;</a>
      </Paragraph>
      <Paragraph>
        <CloseCircleOutlined className="site-result-demo-error-icon" /> Your account
is not yet
        eligible to apply. <a>Apply Unlock &gt;</a>
      </Paragraph>
    </div>
  </Result>
);
```

```
.site-result-demo-error-icon {  
  color: red;  
}
```
