

zh-CN

自定义提示 `icon`。

en-US

Set `icon` props to customize the icon.

```
import { Popconfirm } from 'antd';
import { QuestionCircleOutlined } from '@ant-design/icons';

export default () => (
  <Popconfirm title="Are you sure? " icon={<QuestionCircleOutlined style={{ color:
'red' }} />}>
    <a href="#">Delete</a>
  </Popconfirm>
);
```
