

Spring Boot oh-my-zsh plugin

oh-my-zsh Spring Boot plugin

Spring Boot autocomplete plugin

- Adds autocomplete options for all spring boot commands.

Manual Install

```
$ cd ~/.oh-my-zsh/plugins
$ git clone git@github.com:linux-china/oh-my-zsh-spring-boot-plugin.git spring
```

Adjust your .zshrc file and add spring to plugins=(...)

Tips

- Install Spring Cloud plugin: `spring install org.springframework.cloud:spring-cloud-cli:1.0.2.RELEASE`

Reference

- Spring Boot: <https://spring.io/projects/spring-boot>
- Spring Boot CLI: <https://docs.spring.io/spring-boot/docs/current/reference/htmlsingle/#cli>
