

eslint-config-react-native-community

npm v3.1.0

Installation

```
yarn add --dev eslint prettier @react-native-community/eslint-config
```

Note: We're using `yarn` to install deps. Feel free to change commands to use `npm` 3+ and `npm` if you like

Usage

Add to your eslint config (`.eslintrc` , or `eslintConfig` field in `package.json`):

```
{  
  "extends": "@react-native-community"  
}
```
