

integration_test_example

Demonstrates how to use the `package:integration_test` .

To run `integration_test/example_test.dart` ,

Android / iOS

```
flutter drive \  
  --driver=test_driver/integration_test.dart \  
  --target=integration_test/example_test.dart
```

Web

In one shell, run Chromedriver ([download here](#)):

```
chromedriver --port 8444
```

Then, in another shell, run `flutter drive` :

```
flutter drive \  
  --driver=test_driver/integration_test.dart \  
  --target=integration_test/example_test.dart \  
  -d web-server
```
