

zh-CN

用于多行输入。

en-US

For multi-line input.

```
import { Input } from 'antd';

const { TextArea } = Input;

export default () => (
  <>
    <TextArea rows={4} />
    <br />
    <br />
    <TextArea rows={4} placeholder="maxLength is 6" maxLength={6} />
  </>
);
```
