Radio 不可用。

en-US

Radio unavailable.

```
import { Radio, Button } from 'antd';

class App extends React.Component {
  state = {
    disabled: true,
  };

  toggleDisabled = () => {
    this.setState({
      disabled: !this.state.disabled,
    });
  };

  render() {
    return (
      <>
        <Radio defaultChecked={false} disabled={this.state.disabled}>
          Disabled
        </Radio>
        <Radio defaultChecked disabled={this.state.disabled}>
          Disabled
        </Radio>
        <br />
        <Button type="primary" onClick={this.toggleDisabled} style={{ marginTop: 16
      </Button>
    </>
    );
  }
}

export default () => <App />;
```
