

## zh-CN

在卡片中展示统计数值。

## en-US

Display statistic data in Card.

```
import { Statistic, Card, Row, Col } from 'antd';
import { ArrowUpOutlined, ArrowDownOutlined } from '@ant-design/icons';

export default () => (
  <div className="site-statistic-demo-card">
    <Row gutter={16}>
      <Col span={12}>
        <Card>
          <Statistic
            title="Active"
            value={11.28}
            precision={2}
            valueStyle={{ color: '#3f8600' }}
            prefix={<ArrowUpOutlined />}
            suffix="%"
          />
        </Card>
      </Col>
      <Col span={12}>
        <Card>
          <Statistic
            title="Idle"
            value={9.3}
            precision={2}
            valueStyle={{ color: '#cf1322' }}
            prefix={<ArrowDownOutlined />}
            suffix="%"
          />
        </Card>
      </Col>
    </Row>
  </div>
);
```

```
.site-statistic-demo-card {
  padding: 30px;
  background: #ecec;
}
```
