

Empty

Placeholder hints for empty states.

Basic usage

```
<el-empty description="description"></el-empty>
```

Custom image

Use `image` prop to set image URL.

```
<el-empty image="https://shadow.elemecdn.com/app/element/hamburger.9cf7b091-55e9-11e9-a976-7"></el-empty>
```

Image size

Use `image-size` prop to control image size.

```
<el-empty :image-size="200"></el-empty>
```

Bottom content

Use the default slot to insert content at the bottom.

```
<el-empty>
  <el-button type="primary">Button</el-button>
</el-empty>
```
