

In addition to the resources available at.golang.org there are a range of community-driven initiatives:

- [Boot.dev's Gopher Gang](#) - Code in the browser exercises with answer checking
- [Essential Go](#) -- a free book about Go programming language.
- [Go in 5 Minutes](#)
- [The Little Go Book](#)
- [Tutorials Point](#)
- [Exercism.io - Go](#) - Online code exercises for Go for practice and mentorship.
- [EXLskills - A\\$AP Learn Go](#) - Fast-paced free and open course for getting going with Go
- [Learn Go in an Hour - Video](#) 2015-02-15
- [Learning to Program in Go](#), a multi-part video training class.
- [Learn Go with Tests](#) - An introduction to Go using a TDD approach.
- [Pluralsight Classes for Go](#) - A growing collection of (paid) online classes.
- [Ardan Labs Training](#) - Commercial, live instruction for Go programming.
- [O'Reilly Go Fundamentals](#) - Video learning path for Go programming.
- [Go By Example](#) provides a series of annotated code snippets.
- [Learn Go in Y minutes](#) is a top-to-bottom walk-through of the language.
- [Workshop-Go](#) - Startup Slam Go Workshop - examples and slides.
- [Go Fragments](#) - A collection of annotated Go code examples.
- [50 Shades of Go: Traps, Gotchas, Common Mistakes for New Golang Devs](#)
- [Free Go Language Workshop](#) Framework Training is running regular free BYOD workshops in London, UK
- [Golang Tutorials](#) - A free online class.
- Rob Pike's 2011 three day course - [Day 1](#), [Day 2](#), [Day 3](#) (*links are broken*, use the archived links from the wayback machine. [Day 1](#), [Day 2](#), [Day 3](#))
- [The Go Bridge Foundry](#) - A member of the [Bridge Foundry](#) family, offering a complete set of free Go training materials with the goal of bringing Go to under-served communities.
- [Golangbot](#) - Tutorials to get started with programming in Go.
- [Master Go](#) - A paid online video course on Go for developers
- [Learn to Create Web Applications using Go](#) - A paid online video course and book about Web programming with Go
- [Learn Go Programming](#) - Weekly visual and concise tutorials for programming in Go.
- [Gophercises](#) - coding exercises for budding gophers
- [Algorithms to Go](#) - Texts about algorithms and Go, with plenty of code examples.
- [Games With Go](#) - Video series teaching programming fundamentals with game related projects.
- [Go Language Tutorials](#) - List of popular sites, blogs and tutorials for learning Go language.
- [Golang Development Video Course](#) - A growing list of videos focused purely on Go development.
- [Go: The Complete Bootcamp Course](#) - Step by step and intuitive explanations for every aspect of Go using animations (Paid)
- [Learning Golang - TutorialEdge](#) - A growing list of articles and courses on the fundamentals of Go.
- [Go Discourse](#) - Another forum base on Go, without framework and ORM.
- [دورة لغة غو بالعربي](#)
- [Apuntes de Golang en Español](#) - Apuntes para aprender Go en Español desde Cero.
- [Go Classes at Codecademy](#) - Online courses introducing the basics of Go.

Learning resources for specific topics:

- [LearnConcurrency](#) outlines a course of study of Go's concurrency model and patterns.
- [LearnErrorHandling](#) links to resources about error handling in Go.
- [LearnTesting](#) links to resources about testing in Go.
- [LearnServerProgramming](#) links to resources about server programming in Go.
- [Golang Online Courses](#) - A collection of Go online courses from several providers at Classpert
- [Hackr.io Golang Tutorials](#) - Best Golang tutorials recommended by the programming community.
