

## **gatsby-plugin-cxs**

A Gatsby plugin for cxs including server side rendering.

### **Install**

```
npm install gatsby-plugin-cxs cxs
```

### **How to use**

Add the plugin to `gatsby-config.js`

```
module.exports = {  
  plugins: [`gatsby-plugin-cxs`],  
}
```

Now you can start to write cxs and it will do the SSR for you.
