

# File Formats

The modules described in this chapter parse various miscellaneous file formats that aren't markup languages and are not related to e-mail.

**System Message: ERROR/3 (D:\onboarding-resources\sample-onboarding-resources\cpython-main\Doc\library\ (cpython-main) (Doc) (library) fileformats.rst, line 11)**

Unknown directive type "toctree".

```
.. toctree::

    csv.rst
    configparser.rst
    tomlib.rst
    netrc.rst
    plistlib.rst
```
