

## zh-CN

受控制的页码。

## en-US

Controlled page number.

```
import { Pagination } from 'antd';

class App extends React.Component {
  state = {
    current: 3,
  };

  onChange = page => {
    console.log(page);
    this.setState({
      current: page,
    });
  };

  render() {
    return <Pagination current={this.state.current} onChange={this.onChange} total=
{50} />;
  }
}

export default () => <App />;
```
