

Opacity

The `opacity` property sets the opacity level for an element. The opacity level describes the transparency level, where 1 is not transparent at all, .5 is 50% visible, and 0 is completely transparent.

Set the `opacity` of an element using `.opacity-{value}` utilities.

100%

75%

50%

25%

```
<div class="opacity-100">...</div>
<div class="opacity-75">...</div>
<div class="opacity-50">...</div>
<div class="opacity-25">...</div>
```

Utilities API

Opacity utilities are declared in our utilities API in `scss/_utilities.scss`.
[Learn how to use the utilities API.](</utilities/api#using-the-api>)

```
{{< scss-docs name="utils-opacity" file="scss/_utilities.scss" >}}
```
