

Strategic initiatives

The Node.js project has several strategic initiatives underway. A review of the current initiatives is a standing item on the Technical Steering Committee agenda to ensure they are active and have the support they need.

Current initiatives

Initiative	Champion	Links
Core Promise APIs	Antoine du Hamel	https://github.com/nodejs/TSC/issues/1094
Future of Build Toolchain	Mary Marchini	https://github.com/nodejs/TSC/issues/901 , https://github.com/nodejs/build-toolchain-next
QUIC / HTTP3	James M Snell	https://github.com/nodejs/quic
Startup performance	Joyee Cheung	https://github.com/nodejs/node/issues/35711
V8 Currency	Michaël Zasso	
Next-10	Michael Dawson	https://github.com/nodejs/next-10

List of completed initiatives

Completed initiatives

Initiative	Champion	Links
Build resources	Michael Dawson	https://github.com/nodejs/build/issues/1154#issuecomment-448418977
CVE Management	Michael Dawson	https://github.com/nodejs/security-wg/issues/33
Governance	Myles Borins	
Moderation Team	Rich Trott	https://github.com/nodejs/TSC/issues/329
Modules	Myles Borins	https://github.com/nodejs/modules
N-API	Michael Dawson	https://github.com/nodejs/abi-stable-node
npm	Myles Borins	https://github.com/nodejs/node/pull/21594
Integration		
OpenSSL	Rod Vagg	https://github.com/nodejs/TSC/issues/677
Evolution		
Open Web Standards	Myles Borins, Joyee Cheung	https://github.com/nodejs/open-standards

Initiative	Champion	Links
VM module fix	Franziska Hinkelmann	https://github.com/nodejs/node/issues/6283
Workers	Anna Henningsen	https://github.com/nodejs/worker
