

# Branch plugin

This plugin displays the current Git or Mercurial branch, fast. If in a Mercurial repository, also display the current bookmark, if present.

To use it, add `branch` to the plugins array in your zshrc file:

```
plugins=(... branch)
```

## Speed test

- `hg branch` :

```
$ time hg branch
0.11s user 0.14s system 70% cpu 0.355 total
```

- `branch` plugin:

```
$ time zsh /tmp/branch_prompt_info_test.zsh
0.00s user 0.01s system 78% cpu 0.014 total
```

## Usage

Copy your theme to `$ZSH_CUSTOM/themes/` and modify it to add `$(branch_prompt_info)` in your prompt.

This example is for the `robbyrussell` theme:

```
diff --git a/themes/robbyrussell.zsh-theme b/themes/robbyrussell.zsh-theme
index 2fd5f2cd..9d89a464 100644
--- a/themes/robbyrussell.zsh-theme
+++ b/themes/robbyrussell.zsh-theme
@@ -1,5 +1,5 @@
  PROMPT="%{?:%{$fg_bold[green]%}→ :%{$fg_bold[red]%}→ )"
  -PROMPT+= ' %{$fg[cyan]%}%c%{$reset_color%} $(git_prompt_info) '
  +PROMPT+= ' %{$fg[cyan]%}%c%{$reset_color%} $(branch_prompt_info) '

  ZSH_THEME_GIT_PROMPT_PREFIX="%{$fg_bold[blue]%}git: (%{$fg[red]%}"
  ZSH_THEME_GIT_PROMPT_SUFFIX="%{$reset_color%} "
```
