

[Home](#) > [puppeteer](#) > [WaitForOptions](#) > [timeout](#)

## WaitForOptions.timeout property

Maximum wait time in milliseconds, defaults to 30 seconds, pass `0` to disable the timeout.

### Signature:

```
timeout?: number;
```

## Remarks

The default value can be changed by using the [Page.setDefaultTimeout\(\)](#) or [Page.setDefaultNavigationTimeout\(\)](#) methods.
