

zh-CN

页面顶部通告形式，默认有图标且 `type` 为 'warning'。

en-US

Display Alert as a banner at top of page.

```
import { Alert } from 'antd';

export default () => (
  <>
    <Alert message="Warning text" banner />
    <br />
    <Alert
      message="Very long warning text warning text text text text text text text"
      banner
      closable
    />
    <br />
    <Alert showIcon={false} message="Warning text without icon" banner />
    <br />
    <Alert type="error" message="Error text" banner />
  </>
);
```
