

## zh-CN

展示字数提示。

## en-US

Show character counting.

```
import { Input } from 'antd';

const { TextArea } = Input;

const onChange = e => {
  console.log('Change:', e.target.value);
};

export default () => (
  <TextArea showCount maxLength={100} style={{ height: 120 }} onChange={onChange} />
);
```
