

## zh-CN

三种大小的输入框，大的用在表单中，中的为默认。

## en-US

The input box comes in three sizes. large is used in the form, while the medium size is the default.

```
import { TimePicker } from 'antd';
import moment from 'moment';

export default () => (
  <>
    <TimePicker defaultValue={moment('12:08:23', 'HH:mm:ss')} size="large" />
    <TimePicker defaultValue={moment('12:08:23', 'HH:mm:ss')} />
    <TimePicker defaultValue={moment('12:08:23', 'HH:mm:ss')} size="small" />
  </>
);
```
