

zh-CN

简单的徽章展示, 当 `count` 为 `0` 时, 默认不显示, 但是可以使用 `showZero` 修改为显示。

en-US

Simplest Usage. Badge will be hidden when `count` is `0`, but we can use `showZero` to show it.

```
import { Badge, Avatar } from 'antd';
import { ClockCircleOutlined } from '@ant-design/icons';

export default () => (
  <>
    <Badge count={5}>
      <Avatar shape="square" size="large" />
    </Badge>
    <Badge count={0} showZero>
      <Avatar shape="square" size="large" />
    </Badge>
    <Badge count={<ClockCircleOutlined style={{ color: '#f5222d' }} />}>
      <Avatar shape="square" size="large" />
    </Badge>
  </>
);
```
