

File Formats

The modules described in this chapter parse various miscellaneous file formats that aren't markup languages and are not related to e-mail.

System Message: ERROR/3 (D:\onboarding-resources\sample-onboarding-resources\cpython-main\Doc\library\ [cpython-main] [Doc] [library] fileformats.rst, line 11)

Unknown directive type "toctree".

```
.. toctree::  
    csv.rst  
    configparser.rst  
    tomllib.rst  
    netrc.rst  
    plistlib.rst
```
