

## zh-CN

典型的页面布局。

## en-US

Classic page layouts.

```
import { Layout } from 'antd';

const { Header, Footer, Sider, Content } = Layout;

export default () => (
  <>
    <Layout>
      <Header>Header</Header>
      <Content>Content</Content>
      <Footer>Footer</Footer>
    </Layout>

    <Layout>
      <Header>Header</Header>
      <Layout>
        <Sider>Sider</Sider>
        <Content>Content</Content>
      </Layout>
      <Footer>Footer</Footer>
    </Layout>

    <Layout>
      <Header>Header</Header>
      <Layout>
        <Content>Content</Content>
        <Sider>Sider</Sider>
      </Layout>
      <Footer>Footer</Footer>
    </Layout>

    <Layout>
      <Sider>Sider</Sider>
      <Layout>
        <Header>Header</Header>
        <Content>Content</Content>
        <Footer>Footer</Footer>
      </Layout>
    </Layout>
  </>
);
```
