

# changelog

Basic linting of changelog fragments with [antsibull-changelog lint](#).

One or more of the following sections are required:

- `major_changes`
- `minor_changes`
- `breaking_changes`
- `deprecated_features`
- `removed_features`
- `security_fixes`
- `bugfixes`
- `known_issues`

New modules and plugins must not be included in changelog fragments.

See `ref:collection_changelogs` for details.
