

Why citing OpenCV

If you are using OpenCV in your research-related documents, it is recommended that you cite OpenCV. This way, other researchers can better understand your proposed-method. Your method is more reproducible and thus gaining better credibility.

Below is the BibTex entry for citing OpenCV:

```
@article{opencv_library,  
  author = {Bradski, G.},  
  citeulike-article-id = {2236121},  
  journal = {Dr. Dobb's Journal of Software Tools},  
  keywords = {bibtex-import},  
  posted-at = {2008-01-15 19:21:54},  
  priority = {4},  
  title = {{The OpenCV Library}},  
  year = {2000}  
}
```
