

# Paleta

Convey meaning through color with a handful of color utility classes. Includes support for styling links with hover states, too.

## Cor

```
{{"demo": "Color.js", "defaultCodeOpen": false}}
```

```
<Box sx={{ color: 'primary.main' }}>...
<Box sx={{ color: 'secondary.main' }}>...
<Box sx={{ color: 'error.main' }}>...
<Box sx={{ color: 'warning.main' }}>...
<Box sx={{ color: 'info.main' }}>...
<Box sx={{ color: 'success.main' }}>...
<Box sx={{ color: 'text.primary' }}>...
<Box sx={{ color: 'text.secondary' }}>...
<Box sx={{ color: 'text.disabled' }}>...
```

## Cor de fundo

```
{{"demo": "BackgroundColor.js", "defaultCodeOpen": false}}
```

```
<Box sx={{ bgcolor: 'primary.main' }}>...
<Box sx={{ bgcolor: 'secondary.main' }}>...
<Box sx={{ bgcolor: 'error.main' }}>...
<Box sx={{ bgcolor: 'warning.main' }}>...
<Box sx={{ bgcolor: 'info.main' }}>...
<Box sx={{ bgcolor: 'success.main' }}>...
<Box sx={{ bgcolor: 'text.primary' }}>...
<Box sx={{ bgcolor: 'text.secondary' }}>...
<Box sx={{ bgcolor: 'text.disabled' }}>...
```

## API

```
import { palette } from '@material-ui/system';
```

Nome da importação	Propriedade	Propriedade CSS	Chave do tema
color	color	color	<a href="#">palette</a>
bgcolor	bgcolor	backgroundColor	<a href="#">palette</a>
