

- Have you signed the contributor license agreement?
- Have you followed the contributor guidelines?
- If submitting code, have you built your formula locally prior to submission with **gradle check**?
- If submitting code, is your pull request against master? Unless there is a good reason otherwise, we prefer pull requests against master and will backport as needed.
- If submitting code, have you checked that your submission is for an OS and architecture that we support?
- If you are submitting this code for a class then read our policy for that.
