

zh-CN

添加表格边框线，页头和页脚。

en-US

Add border, title and footer for table.

```
import { Table } from 'antd';

const columns = [
  {
    title: 'Name',
    dataIndex: 'name',
    render: text => <a>{text}</a>,
  },
  {
    title: 'Cash Assets',
    className: 'column-money',
    dataIndex: 'money',
    align: 'right',
  },
  {
    title: 'Address',
    dataIndex: 'address',
  },
];

const data = [
  {
    key: '1',
    name: 'John Brown',
    money: '¥300,000.00',
    address: 'New York No. 1 Lake Park',
  },
  {
    key: '2',
    name: 'Jim Green',
    money: '¥1,256,000.00',
    address: 'London No. 1 Lake Park',
  },
  {
    key: '3',
    name: 'Joe Black',
    money: '¥120,000.00',
    address: 'Sidney No. 1 Lake Park',
  },
];

export default () => (
  <Table
```

```
    columns={columns}  
    dataSource={data}  
    bordered  
    title={() => 'Header'}  
    footer={() => 'Footer'}  
  />  
);
```
