

## zh-CN

要使用自定义触发器，可以设置 `trigger={null}` 来隐藏默认设定。

## en-US

If you want to use a customized trigger, you can hide the default one by setting `trigger={null}` .

```
import { Layout, Menu } from 'antd';
import {
  MenuUnfoldOutlined,
  MenuFoldOutlined,
  UserOutlined,
  VideoCameraOutlined,
  UploadOutlined,
} from '@ant-design/icons';

const { Header, Sider, Content } = Layout;

class SiderDemo extends React.Component {
  state = {
    collapsed: false,
  };

  toggle = () => {
    this.setState({
      collapsed: !this.state.collapsed,
    });
  };

  render() {
    return (
      <Layout>
        <Sider trigger={null} collapsible collapsed={this.state.collapsed}>
          <div className="logo" />
          <Menu theme="dark" mode="inline" defaultSelectedKeys={['1']}>
            <Menu.Item key="1" icon={<UserOutlined />}>
              nav 1
            </Menu.Item>
            <Menu.Item key="2" icon={<VideoCameraOutlined />}>
              nav 2
            </Menu.Item>
            <Menu.Item key="3" icon={<UploadOutlined />}>
              nav 3
            </Menu.Item>
          </Menu>
        </Sider>
        <Layout className="site-layout">
          <Header className="site-layout-background" style={{ padding: 0 }}>
            {React.createElement(this.state.collapsed ? MenuUnfoldOutlined :
              MenuFoldOutlined, {
```

```

        className: 'trigger',
        onClick: this.toggle,
      }}}
    </Header>
    <Content
      className="site-layout-background"
      style={{
        margin: '24px 16px',
        padding: 24,
        minHeight: 280,
      }}
    >
      Content
    </Content>
  </Layout>
</Layout>
);
}
}

export default () => <SiderDemo />;

```

```

#components-layout-demo-custom-trigger .trigger {
  padding: 0 24px;
  font-size: 18px;
  line-height: 64px;
  cursor: pointer;
  transition: color 0.3s;
}

#components-layout-demo-custom-trigger .trigger:hover {
  color: #1890ff;
}

#components-layout-demo-custom-trigger .logo {
  height: 32px;
  margin: 16px;
  background: rgba(255, 255, 255, 0.3);
}

.site-layout .site-layout-background {
  background: #fff;
}

```
