

## Backlog

This file captures the prioritized list of issues the FancyZones team will tackle

### On deck

#### Backlog

Add tests to the new editor 197

Cycle through windows in a Zone 175

Minimize/restore windows in a zone as a group 174

FancyZones should support custom layouts for different “environments” 177

Win+arrow is directional based on zone rect 162

Dragging a zoned window should restore size to a checkpointed size instead of current rect 166

FancyZones should merge with MTND and include zone moves in the pop-up 178

Drag to edge of screen automatically switches virtual desktops 168

Visual updates for Win+Arrow 171

Add “magnetic dragging and resizing” mode to FancyZones 181

Create layout from current windows 159

Zone sets that have a dynamic number of zones 160
