

zh-CN

图标放在文字前面。

en-US

The icon should be placed in front of the text.

```
import { Breadcrumb } from 'antd';
import { HomeOutlined, UserOutlined } from '@ant-design/icons';

export default () => (
  <Breadcrumb>
    <Breadcrumb.Item href="">
      <HomeOutlined />
    </Breadcrumb.Item>
    <Breadcrumb.Item href="">
      <UserOutlined />
      <span>Application List</span>
    </Breadcrumb.Item>
    <Breadcrumb.Item>Application</Breadcrumb.Item>
  </Breadcrumb>
);
```
