

## Hello Markdown

```
console.log("Hello World");  
console.log("Hello World2");  
  
function hello(name: string) {  
    console.log(name);  
}  
  
hello("alice");  
  
function foo(): number {  
    return 2;  
}  
  
{  
    // Comment in JSON  
    "key": "value",  
    "key2": "value2"  
}  
  
{  
    "numbers": ["1", "2"]  
}
```
