

# Kernel driver sy7636a-hwmon

Supported chips:

- Silergy SY7636A PMIC

## Description

This driver adds hardware temperature reading support for the Silergy SY7636A PMIC.

The following sensors are supported

- Temperature
  - SoC on-die temperature in milli-degree C

## sysfs-Interface

temp0\_input

- SoC on-die temperature (milli-degree C)
