

✗ Multiple features in one PR ✗ New Components Unless Previously Discussed with Maintainers (Consider creating separate repo, I'll link out to you)

✓ Add comments to complex/confusing code in "code" view of PR ✓ BUGS → This form is required: ✓ Enhancements
→ Only specific enhancements with detailed descriptions.

Issue Titles

Use the format: [Component] Adds Support for Thing

For example: [Build Tools] Adds Source Map Support Or: [Button] Fixes Inheritance for Red Basic Active State

Closed Issues

#222 #333 #444

Description

Testcase

[Show before with this fiddle] <https://jsfiddle.net/ca0rovs3/>

[Consider showing "fixed" case with your fiddle](#)
