Home > puppeteer > Puppeteer > networkConditions

Puppeteer.networkConditions property

Signature:

```
get networkConditions(): PredefinedNetworkConditions;
```

Remarks

Returns a list of network conditions to be used with page.emulateNetworkConditions(networkConditions). Actual list of predefined conditions can be found in src/common/NetworkConditions.ts.

Example

```
const puppeteer = require('puppeteer');
const slow3G = puppeteer.networkConditions['Slow 3G'];

(async () => {
   const browser = await puppeteer.launch();
   const page = await browser.newPage();
   await page.emulateNetworkConditions(slow3G);
   await page.goto('https://www.google.com');
   // other actions...
   await browser.close();
})();
```
