

A progressive <u>Node.js</u> framework for building efficient and scalable server-side applications, heavily inspired by <u>Angular</u>.

Description

Nest framework TypeScript starter repository.

Installation

```
$ npm install
```

Running the app

```
# development
$ npm run start

# watch mode
$ npm run start:dev

# production mode
$ npm run start:prod
```

Test

```
# unit tests
$ npm run test
# e2e tests
$ npm run test:e2e
```

```
# test coverage
$ npm run test:cov
```

Support

Nest is an MIT-licensed open source project. It can grow thanks to the sponsors and support by the amazing backers. If you'd like to join them, please <u>read more here</u>.
