# Resources

## Community created resources

Forks, tutorials, workshops, and other resources based on the RealWorld project:

- **RealWorld React/NodeJS E2E Tests** by **Anish Karandikar**
  - A repo showing how to wire React frontend with NodeJS backend for a RealWorld fullstack
  - Includes E2E integration tests that use Chrome Puppeteer and Mocha and work with CI systems like Travis CI and CircleCI
  - Also demonstrates usage of Greenkeeper for automatic dependency updates and Snyk for vulnerability monitoring
- Performance comparisons:
  - A Real-World Comparison of Front-End Frameworks with Benchmarks 2020
  - A Real-World Comparison of Front-End Frameworks with Benchmarks 2019
  - A Real-World Comparison of Front-End Frameworks with Benchmarks 2018
  - A Real-World Comparison of Front-End Frameworks with Benchmarks 2017

Hello fellow writer, get in touch with us in **GitHub Discussions** so we can add your RealWorld related content here.
