Ansible Core Porting Guides

This section lists porting guides that can help you in updating playbooks, plugins and other parts of your Ansible infrastructure from one version of `ansible-core` to the next.

Please note that this is not a complete list. If you believe any extra information would be useful in these pages, you can edit by clicking *Edit on GitHub* on the top right, or raising an issue.

System Message: ERROR/3 (`D:\onboarding-resources\sample-onboarding-resources\ansible-devel\docs\docsite\rst\porting_guides\(ansible-devel)(docs)(docsite)(rst)(porting_guides)core_porting_guides.rst,` line 11)

Unknown directive type "toctree".
