Using Next.js with filbert-js
A light weight(~1KB) css-in-js solution(framework)🎨

This example showcase how to perform SSR & extract and inline critical css with @filbert-js/server-stylesheet and @filbert-js/core

If you are running into any issues with this example, feel free to open-up an issue at https://github.com/kuldeepkeshwar/filbert-js/issues.

Deploy your own

Deploy the example using Vercel or preview live with StackBlitz

▲ Deploy

How to use

Execute `create-next-app` with npm or Yarn to bootstrap the example:

```
npx create-next-app --example with-filbert with-filbert-app
# or
yarn create next-app --example with-filbert with-filbert-app
# or
pnpm create next-app -- --example with-filbert with-filbert-app
```

Deploy it to the cloud with Vercel (Documentation).
