history plugin

Provides a couple of convenient aliases for using the `history` command to examine your command line history.

To use it, add `history` to the plugins array in your zshrc file:

```
plugins=(... history)
```

Aliases

Alias	Command	Description
h	history	Prints your command history
hs	history | grep	Use grep to search your command history
hsi	history | grep -i	Use grep to do a case-insensitive search of your command history
