## zh-CN

点击按钮切换可用状态。

## en-US

Click the button to toggle between available and disabled states.

```
import { InputNumber, Button } from 'antd';

class App extends React.Component {
  state = {
    disabled: true,
  };

  toggle = () => {
    this.setState({
      disabled: !this.state.disabled,
    });
  };

  render() {
    return (
      <>
        <InputNumber min={1} max={10} disabled={this.state.disabled} defaultValue=
{3} />
        <div style={{ marginTop: 20 }}>
          <Button onClick={this.toggle} type="primary">
            Toggle disabled
          </Button>
        </div>
      </>
    );
  }
}

export default () => <App />;
```
