TTY Internals

Kopen

These functions serve for opening a TTY from the kernelspace:

System Message: ERROR/3 (`D:\onboarding-resources\sample-onboarding-resources\linux-master\Documentation\tty\(linux-master)(Documentation)(tty)tty_internals.rst`, **line 14**)

Unknown directive type "kernel-doc".

```
.. kernel-doc:: drivers/tty/tty_io.c
      :identifiers: tty_kopen_exclusive tty_kopen_shared tty_kclose
```

Exported Internal Functions

System Message: ERROR/3 (`D:\onboarding-resources\sample-onboarding-resources\linux-master\Documentation\tty\(linux-master)(Documentation)(tty)tty_internals.rst`, **line 22**)

Unknown directive type "kernel-doc".

```
.. kernel-doc:: drivers/tty/tty_io.c
    :identifiers: tty_release_struct tty_dev_name_to_number tty_get_icount
```

Internal Functions

System Message: ERROR/3 (`D:\onboarding-resources\sample-onboarding-resources\linux-master\Documentation\tty\(linux-master)(Documentation)(tty)tty_internals.rst`, **line 30**)

Unknown directive type "kernel-doc".

```
.. kernel-doc:: drivers/tty/tty_io.c
    :internal:
```
