Manage your Grafana Enterprise license in AWS Marketplace

You can use AWS Marketplace to make the following modifications to your Grafana Enterprise license:

- Add active users
- Remove active users
- Cancel your subscription to Grafana Enterprise.

To modify your Grafana Enterprise subscription in AWS Marketplace:

1. Open the AWS Console and navigate to Subscription Management.

2. Update your license.

3. Sign in to Grafana as a Server Administrator.

4. Hover over **Server Admin** in the navigation bar and click **Statistics and Licensing**.

5. In the **Token** section under **Enterprise License**, click **Renew License**.

   This action retrieves updated license information from AWS.

   To learn more about licensing and active users, refer to [Understanding Grafana Enterprise licensing]({{< relref "../../license/license-restrictions" >}}).
