Bower plugin

This plugin adds completion for Bower and a few useful aliases for common Bower commands.

To use it, add `bower` to the plugins array in your zshrc file:

```
plugins=(... bower)
```

Aliases

Alias	Command	Description
bi	`bower install`	Installs the project dependencies listed in bower.json
bl	`bower list`	List local packages and possible updates
bs	`bower search`	Finds all packages or a specific package.
