en-US

Support set allow to clear star when click again.

```
import { Rate } from 'antd';

export default () => (
  <>
    <Rate defaultValue={3} />
    <span className="ant-rate-text">allowClear: true</span>
    <br />
    <Rate allowClear={false} defaultValue={3} />
    <span className="ant-rate-text">allowClear: false</span>
  </>
);
