example.js

```js
import pMap1 from "https://cdn.skypack.dev/p-map";
import pMap2 from "https://cdn.esm.sh/p-map";
import pMap3 from "https://jspm.dev/p-map";
import pMap4 from "https://unpkg.com/p-map-series?module"; // unpkg doesn't support
p-map :(
console.log(pMap1);
console.log(pMap2);
console.log(pMap3);
console.log(pMap4);
```

webpack.config.js

```js
module.exports = {
    // enable debug logging to see network requests!
    // stats: {
    //   loggingDebug: /HttpUriPlugin/
    // },
    experiments: {
        buildHttp: true
    }
};
```
