`build` `passing`

# path-is-absolute

*Node.js 0.12* *`path.isAbsolute()`* *ponyfill*

## Install

```
$ npm install --save path-is-absolute
```

## Usage

```js
const pathIsAbsolute = require('path-is-absolute');

// Running on Linux
pathIsAbsolute('/home/foo');
//=> true
pathIsAbsolute('C:/Users/foo');
//=> false

// Running on Windows
pathIsAbsolute('C:/Users/foo');
//=> true
pathIsAbsolute('/home/foo');
//=> false

// Running on any OS
pathIsAbsolute.posix('/home/foo');
//=> true
pathIsAbsolute.posix('C:/Users/foo');
//=> false
pathIsAbsolute.win32('C:/Users/foo');
//=> true
pathIsAbsolute.win32('/home/foo');
//=> false
```

## API

See the `path.isAbsolute()` docs.

### pathIsAbsolute(path)

### pathIsAbsolute.posix(path)
