# Progressive Web App Example

This example uses `next-pwa` to create a progressive web app (PWA) powered by [Workbox](Workbox).

## Deploy your own

Deploy the example using [Vercel](Vercel):

[ ▲    Deploy ]

## How to use

Execute `create-next-app` with [npm](npm) or [Yarn](Yarn) to bootstrap the example:

```
npx create-next-app --example progressive-web-app progressive-web-app
# or
yarn create next-app --example progressive-web-app progressive-web-app
# or
pnpm create next-app -- --example progressive-web-app progressive-web-app
```

Deploy it to the cloud with [Vercel](Vercel) ([Documentation](Documentation)).
