Contributing to RxJava 3.x

If you would like to contribute code you can do so through GitHub by forking the repository and sending a pull request targeting the branch 3.x.

When submitting code, please make every effort to follow existing conventions and style in order to keep the code as readable as possible.

License

By contributing your code, you agree to license your contribution under the terms of the APLv2: https://github.com/ReactiveX/RxJava/blob/3.x/LICENSE

All files are released with the Apache 2.0 license.

If you are adding a new file it should have a header like this:

```
/*
